

ADMIRAL SCHLEY SEES SILVER SERVICE GIFT

Presentation at Baltimore Deferred at His Request.

SAMPSON'S DEATH THE CAUSE

Reports That Marylander Would Not Be Present and Rumored Postponement of Reception in Consequence Reduce the Number of Guests Present.

BALTIMORE, May 8.—Rear Admiral Winfield Scott Schley was the guest of honor last night at a brilliant reception given by Mr. and Mrs. Theodore Marburg at their residence, 14 West Mount Vernon Place.

The purpose of the affair, originally, was to present to Admiral Schley the magnificent silver service purchased by the admirals' friends in this city and elsewhere, and made from the silver coin recovered from the Spanish cruiser Cristobal Colon, which was destroyed by the American fleet off Santiago. But at the request of the prospective recipient the presentation was deferred on account of the death of Rear Admiral Sampson. Admiral Schley viewed the silver service, however, and expressed his admiration of it and gratitude to the donors.

Some of the silver left over from the Spanish coins will be made into a dozen extra dinner plates, which will later be added to the service, the chief feature of which is the large center piece, designed by Mr. Charles J. Pike, the Baltimore sculptor, now in New York. The entire service is what is known as French gray finish, being perfectly lustreless. The purchase of the silver was made in October, 1899, for \$3,500. The total cost of the service was \$10,000.

Curious Air of Mystery.

An air of mystery was thrown about the coming of the admiral, and an effort made to conceal the fact that he was in the city, or present at the reception, which prevented a number of the invited guests from attending. The impression was created that the reception was off and while nearly 300 invitations were sent out there were considerably less than 100 persons present.

Though these denials were continued, when 8 o'clock came a detective was stationed in front of the house, while another was inside guarding the silver service, which was displayed in the center of one of the large upstairs rooms.

Admiral's Presence a Secret.

Two footmen were also stationed on the pavement to receive the carriages as they drove up, and it developed that orders had been given to the carriage driver to bring Admiral Schley, with Mr. Parks Fisher, Jr., and up to the house and the party was ushered inside. From that time until 10 o'clock the guests arrived. Inside an orchestra, partly concealed by huge palms and potted plants, discoursed music. Mrs. Fisher received, assisted by Mrs. Henry Pratt Jones and her two cousins.

Silver Service Admired. Mrs. Schley wore a handsome gown of light gray silk, trimmed with lace. The guests admired the service, which was in full view. The admiral also viewed it and expressed admiration, but there was, it is lavished, no presentation.

Some of the guests stated later that Admiral Schley appeared ill at ease, and that so far as possible the silver service was kept in the background. It is said that the service will be sent to the admiral in Washington and with it Judge Schumaker's written address of presentation.

A collection was served at 10 o'clock and Admiral Schley left about half an hour later. He was driven directly to the home of his sister, Mrs. Fisher, 1623 St. Paul Street. It was stated at the house last night that the admiral would leave Baltimore this morning, but whether for Washington or New York was not known.

DINNER TO MR. SCHWAB.

President of United States Steel Corporation Will Be Royally Entertained.

PITTSBURGH, May 8.—A dinner will be served on Saturday night at Hotel Schenley to President Charles M. Schwab and other officers of the United States Steel Corporation, who arrived in Pittsburgh yesterday on an inspection tour.

The Carnegie Steel Works at Homestead were visited yesterday and several days will be occupied in visiting Neville Island, Duquesne, and other points at which some of the \$30,000,000 for improvements are to be spent. Mr. Schwab said today that this inspection tour would determine whether the proposed new tube works are to be built at McKeesport or elsewhere. The party will remain here until Monday morning, when it will leave for Shenango and the Mahoning Valley district, Wheeling, W. Va., the Western plants, and the ore fields in the North.

SWALLOWED POISON IN A CROWDED CAR

Shoddy Was on the Way Home From Coney Island With His Little Boy.

NEW YORK, May 8.—Henry Shoddy, thirty-three years of age, living at 829 Park Avenue, Brooklyn, went to Coney Island last night with his three-year-old boy. After having a good time they took a crowded Smith Street car for home. At Beverly Road and Coney Island Avenue Shoddy, who sat on the front seat, facing the other way, drew from his pocket a bottle filled with carbolic acid and drained it. He was taken to the Kings County Hospital, and will probably die. The little boy was sent to the Children's Society.

Wife Cost Him \$2,000.

NEW HAVEN, Conn., May 8.—Harry G. Anderson, son of the millionaire tobaccoist, against whom Frank H. Elson recently got a verdict for \$2,000 for loss of the affections of his former wife, ended the litigation by agreeing to pay the money. Mr. Elson sued for \$10,000 damages, and the trial occurred a month ago. Elson alleged that in 1898 Anderson became friendly with Mrs. Elson. That year she went to North Dakota to get a divorce. Later the couple were married.

New Theater for Pittsburgh. PITTSBURGH, Pa., May 8.—A plot of ground on Duquesne Way and Sixth Street, this city, 100 by 240 feet, has been sold to Henry W. Savage and Jacob Litt, on which they intend to erect a theater. Litt and Savage had been trying for some time to get a theater in this city, but were shut out by Nixon & Zimmerman getting the Alvin.

CHANGE OF ROBBERS IN SAN DOMINGO

Passenger Says Successful Revolutionists Will Now Have Chance at the Public Funds.

NEW YORK, May 8.—Passengers from San Domingo who arrived today on the steamer Seminole confirm the reports of the success of the revolutionists under ex-Vice President Vasquez. One passenger was so delighted at the downfall of Jimenez that he declared that wine would flow tonight.

"Jimenez has oppressed our people so much that the only wonder is that he lasted so long," he said. Another passenger, however, declared that it was only a change of robbers. "This Jimenez gang has milked the cow for some time, indeed much longer than is even the usual, and now the other gang want their chance."

When the Seminole was in Samara the insurgents were in force on the hills back of the town, and other reports were that the revolutionists had taken place, but those on the Seminole saw none of it.

MRS. ASTOR ASSESSED \$100,000 AT NEWPORT

Fixed the Amount of Personalty Herself.

NEWPORT, May 8.—Mrs. Caroline W. Astor, widow of William Astor, and leader of New York society, swore that her personal property is worth \$100,000, and that amount appears on the tax lists of Newport, made public last night.

The lists have been awaited particularly by the New York tax assessors, who have said that they will tax the New Yorkers living in Newport who show an inclination to dodge the issue.

Mrs. Astor was assessed for \$250,000 in New York city, and in her affidavit filed with her application for the abrogation of the assessment she swore that she was decreed by the Rhode Island court to be a resident of that State, and that since last summer she had made her home in Newport. No claim was made that she did not hold personality in New York city.

Mrs. Astor filed no inventory in Newport. Besides the assessment of \$100,000 on personal property, her real estate was assessed at \$174,200, the value last year being \$169,200.

Mrs. Astor's only brother, William C. Schermerhorn, said he was willing to be taxed for \$15,000, and his wishes were heeded. Samuel E. Huntington, brother-in-law of Mayor Low, of New York, escaped a high assessment, as did Hamilton Fish Webster, son of Sydney Webster. E. J. Berwind, one of the best-known men in Wall Street, had his real estate value increased from \$130,700 to \$603,700. He was assessed to call as a tax rate \$11.40 on each \$1,000 assessed. This is the largest rate ever fixed.

NO MORE PARLEYING WITH RUSSIAN RIOTERS

Orders to Troops to Shoot to Kill Reveal Inclination to Sympathize With Mobs.

LONDON, May 8.—The Berlin correspondent of the "Morning Post" sends the text of orders which have been issued to the Russian troops forbidding them to parley with mobs when the military is called out during disturbances, and saying that aimless shooting over the heads of rioters must be avoided.

Weapons must be used conscientiously against the mob. The orders are remarkable as confirming the reports that the soldiers are disinclined to act against the insurgents.

THREE MEN KILLED IN RAILROAD WAR

Opposing Forces Meet While Trying to Reach Mountain Pass and Fight Occurs.

KNOXVILLE, Tenn., May 8.—A private telegram received in this city last night states that a report which had not been verified reached Jellico that a clash had occurred between the forces of the Louisville and Nashville and the Southern Railway at Log Mountain, resulting in three men being killed on each side and several wounded.

According to the telegram the forces of the opposing railroads met while trying to reach a pass in the mountain which forms a strategic railroad position. The L. & N. forces were in possession when the fight was over.

BREWERS TO RAISE THE PRICE OF BEER

Poor Man's Beverage to Be Made More Expensive by Forty Cents a Barrel.

MILWAUKEE, Wis., May 8.—It is learned from reliable sources that the large spring brewers of the United States are considering quietly among themselves the advisability of raising the price of beer 40 cents a barrel. It is known that a large number of spring brewers held a meeting in Chicago a few weeks before the repeal of the war revenue tax and voted in favor of raising the price of the beer \$1 a barrel. With the war revenue of 60 cents a barrel removed the movement will be to keep the advance down to 40 cents.

Americans Win at Polo.

LONDON, May 8.—The American polo team played against the Hurlingham at Hurlingham Tuesday and won by six goals to two. Mr. Foxhall Keene, who has entirely recovered from the injuries he sustained by being thrown from his horse while following the Quorn hounds, played with the American team.

The Senators were all together yesterday, but they did not win. They dropped the first of the series in Boston yesterday by the score of 12 to 8. There was run-making, heavy hitting, and error accumulating galore, and if the whole thing were placed in a machine which would turn out ideal ball games, about three or possibly four would come out.

The Senators did not wake up until the eighth inning, or more properly speaking, until the Bostonians had pretty well clinched the game. In the eighth inning the Loftus men made one run, and kept up the swatting in the final inning, getting four of those that cost Cy Young was on the rubber for the Hubies, and was touched up at regular intervals. A total of fourteen hits were accumulated off his delivery during the game. Ely had an off day. As a result of the day's work he has four errors chalked up to him. Everyone in the short field endeavored to outdo the other in the line of performing stunts in the error-making line. At first it was confined to one or two men, but soon a wide streak having a rich saffron hue, spread to all of the men who amble around in the short field. Townsend off-laid on the rubber for this burg, but he also had an off day, and allowed the Senators to score three runs in the error-making line.
